for the Class of 1954

KING JOHN OF ENGLAND SIGNING
THE MAGNA CHARTA 1215 AD.

Dedication

During the twelve years of our school life, our country has dedicated itself to the preservation of freedom. One major global conflict, numerous minor struggles, and a tense cold war have taken place. Many lives have been lost and thousands of young Americans have been physically incapacitated. In addition, great sacrifices have been made on the home front. All of this and more is the high price our fellow countrymen have paid for our cherished freedom.

In the feudal days of knighthood and chivalry, privileges were extended only to the nobility; it has taken centuries to establish freedom and equality as we know them today. As future voters and legislators it will be our responsibility to maintain these rights and privileges which our ancestors strove long to establish and our older brothers have fought to preserve.

In view of these facts and in recognition of the perilous world situation today, we feel it is entirely fitting and appropriate to dedicate our yearbook to freedom.

OUR SUPERINTENDENT

We, the Class of 1954, wish to express our gratitude to Mr. Richardson for his deep interest in our activities throughout our four years in high school. We shall always remember him as having been a genial friend to all of us as well as Superintendent of Schools.

JUNIOR CLASS

The Juniors, who have captured first prize in the non-religious division of the annual Christmas drawing contest for two successive years, boast considerable artistic aptitude. After seeing their fine Sophomore dance, "Emerald City", we look forward to a magnificent Prom.

An entertaining dramatic production, presented in an assembly a year ago, indicates that this class will also produce a highly successful senior play.

We are sure that they will continue to be outstanding in their senior year.

SOPHOMORE CLASS

Last year we saw the Sophomores' creative ability in their fine production "April in Paris". Their theme was well carried out by a rock garden in the center of the floor and appropriate wall decorations. "Dragnet" started off the 1953-54 social season as a very successful hop.

In addition to their social successes, the tenth grade group has exhibited a high quality of scholarship in their academic pursuits. We are confident that they will continue to warrant praise in their remaining two years of high school.

FRESHMAN CLASS

The Freshman Class has displayed, to the student body and adult sports enthusiasts of the town, outstanding athletic ability. Two or three years from now the present ninth grade group may well furnish the nucleus of one of Sharon's finest basketball teams.

Indications are that, under the leadership of their capable advisor, Mr. Roman, the Freshmen will make their dance one of the fine social productions of the school year.

We hope that this, the largest class in the high school, will be outstanding in scholarship and leadership as well as in athletics during their years in high school.

PROPHECY

As the clock in the square struck eight, a tattered, mildewed, Rip Van Winkle of a figure trudged down Moose Hill Parkway onto Upland Road toward Depot Street. Upon reaching the railroad bridge, he espied a vaguely familiar, red-haired individual holding a set of blue-prints.

"What's going on here?" interrogated our weird wanderer.

"We're making plans for the construction of a Beaver Brook Waterway," came the reply.

The two men stared intently at each other for a moment. Suddenly the carrot-topped gentleman burst out, "Why, you must be Jack Grantham! Where have you been these twenty years since you disappeared when we were seniors in high school?"

"You're Dick Flynn, my old buddy, aren't you?" exclaimed the bewildered character. "But what's this about my being gone twenty years? Why, I woke up this morning on Moose Hill; I don't recall why I was there, but I couldn't have been sleeping all that time!"

"You must have fallen asleep on that biology field trip back in June 1954," observed Mr. Flynn.

"Well," asked Mr. Grantham, "what has become of the Class of '54 in the last two decades?"

Our long-lost friend was amazed to learn of the success of his former schoolmates in the field of politics. Betty Elson, our first woman President, had appointed Norma Bowles as her Secretary of State, and Bob Hall, former Farm Director of the Boston Red Sox, as Secretary of Agriculture. Also, a copy of Mr. Flynn's newspaper revealed that Donald Chambers was taking an active part in the United States Senate.

The news report said: "Today's hearings on labor-management problems by Donald "Tote-'em-away-to-jail" Chambers' Congressional sub-committee were delayed two hours by the tardiness of grocery tycoon, Dennis "Curly" Roe, and hardware magnate David "Permanent Wave" Elson. Senator Chambers was in discussion with union leaders Vincent Baldasaro and Leo Eldracher.

At Dick's suggestion, Jack set out for the high school to obtain the diploma which the principal was unable to present to him at graduation. On the way up Station Street he bumped into another old chum, Kenny Bowers, who was getting in shape for the Olympic track tryouts. Kenny said that he had recently set a world's record, travelling the mile in four minutes, and added that he would certainly emerge victoriously from his long awaited duel with the Russian hero, Runya Pantzov, who claimed he could cover the same distance in a mere three minutes.

Arriving at the red brick building which housed his old alma mater, Jack entered the north door and shuffled through the hallowed corridors and up the stairs to the principal's office, where he met the astonished greetings of two more former classmates, the principal of Sharon High, Gretchen Myers, and her secretary, George Goodwin.

Leaving the school, Mr. Grantham once again walked toward the center of town. Here his first stop was at Ed Welch's Barber Shop for a crew haircut and a shave, as he renewed acquaintances with Mr. Welch and two more old pals, Bernie Shuman and Marvin Rothberg. This pair sat in the back of the room debating the pros and cons of the new development of atomic fishin'!

Next, Jack made his way to the Tom Coyne Shoe Store to purchase a pair of shoes with special rubber heels providing "More Bounce to the Jounce." Mr. Coyne, too, was flabbergasted at the sight of his old school comrade.

Deciding to have his battered clothes stitched and repaired, our modern Rip Van Winkle ambled into the place of business of the "Five Little Tailoresses," Maureen Reid, Marcia Jordan, Peggy Wilber, Judy Schwarzler, and Norine Thomas. In no time at all his wearing apparel was all patched and sewed, and it looked as good as new.

Now that he was once again neatly groomed, Mr. Grantham resolved to view the sights of our fair city. Hailing a taxicab, he discovered that the driver was none other than Murdoch MacAskill, another member of the class of '54. After an exchange of exuberant salutations, the cabbie drove down South Main Street to the Sharon Heights Aquarium, owned by Arnold Halfond and Judy Risch.

Friend Murdoch next chauffeured his passenger to the ultra-modern $1,500,000 police station on School Street, and had a chat with another ex-classmate, chief Keith Hunnewell, who was sporting a pair of the new police knickers devised by designers Lee Carney and Jennifer Wrightson. However, the chief had to make a hasty departure when the desk sergeant informed him that the fire whistle was being blown.

Our hackie suggested a trip to the Country Club where pro Russ Wallace and club manager Warner Poor were offering instruction to frustrated golfers under the slogan, "If you putt poor, see Putt Poor." Jack received a cordial welcome and was invited into the clubhouse for television and refreshments.

To a man who had been gone for twenty years, it was amazing to view the success of his old companions in the fields of athletics and entertainment. On the screen was a play-by-play account by Jack Royal, of the girls' basketball game between the Barksdale Tappers and the National Champion Levanson Leapers, led by Marlene Levanson. Big 6'6" Alice Sellew, labelled by sportswriter John Kennedy as the "world's fastest growing human," was the high scorer. The program was sponsored by the makers of nurse Ellen Keating's reducing pills, endorsed by movie actresses Sandy Schwartz, Carole Kraus, and Lee Oliver. It was agreed by all that the new 3-D glasses, invented for the referees by M. I. T. professors, Frank Chmara and Paul Kreitzberg, considerably ameliorated the officiating.

Following this, the E. Holbrook Glover Grocery Co. presented a fifteen-minute music show featuring fiddle solos by Joe Klein and the singing-dancing trio, Gerry Danca, Ruth Kersch, and Grace Butcher.

Riding back to the center of town, Mr. Grantham resolved to atone for his late start in ascending the ladder of success, which, to his amazement, his former classmates had climbed to such great heights. Realizing that he could afford no procrastination, he headed immediately for the local unemployment office where, upon picking up the late afternoon edition of the "Daily Advocate," he found his name in three inch headlines. He was already at the top of the ladder of fame.

HONOR SOCIETY

The National Honor Society was organized to stimulate students to do their best in scholarship as well as in all other phases of school life. New members are selected each year from the Senior and Junior classes upon their completion of the fifth or seventh semester in their respective grades. The pupils, who are chosen on the basis of scholarship, leadership, character, and service, should be proud of their achievements.

The Sharon Chapter of the National Honor Society was started in 1937. Each year the principal has advised the group, and this year we welcome Mr. Dinsmore to the Honor Society as our new advisor.

We sincerely hope that the students selected will carry their high school standards into college and later life.

STUDENT COUNCIL

The Student Council, a twenty-five-member organization representing grades seven through twelve, is the official voice of the student body. Through the guidance of its advisor, Miss Burns, and the prompt and diligent co-operation of the school adminstration, the Council has aired and clarified many of the problems of the pupils.

At the beginning of this school year, the Council held an induction ceremony in assembly at which all new members received their pins.

Among the achievements of this organization are the presentation of Outstanding Citizenship Awards, the conducting of a monitor system and chapel programs, the purchase of outdoor basketball backboards, the sale of candy at basketball games, the direction of the annual magazine drive, and the sponsoring of two assemblies with excellent outside speakers.

This body is constantly trying to promote good student-faculty relations and improve conditions in the school.

GIRLS' VARSITY CLUB

The Girls' Varsity Club was organized in 1952 to promote better sportsmanship and to assist the entire sports program of Sharon High School.

Under the capable guidance of Mrs. Keyes, who resigned from teaching at the beginning of the new year and who was replaced by Miss Haley, the girls have completed various projects. One of their contributions to the school was the seal that was obtained through a contest run last year. This seal was then placed on maroon and gold book covers which were sold to the students in September. The group also provided new records that are played during lunch recess and at the dances following the Friday night basketball games.

As we go to press, the joint varsity clubs are planning to sponsor an amateur show in which the student body, as well as members of both clubs, will participate. This is the beginning of what we hope will lead to better understanding between the two groups.

BOYS' VARSITY CLUB

The Sharon High School Boys' Varsity Club is a forty-member organization, composed of students who have received letters in athletic activities.

Its prime functions are the maintenance and improvement of our school sports program, and the promotion of school spirit and sportsmanship. Faced with a constantly growing student body, the club has strived to provide athletics for all.

The sale of programs and refreshments ments, the running of dances at baseketball games, food sales, sports nights, talent shows, and various other activities have enabled the group to purchase a Port-O-Goal for the physical education classes, to provide bus transportation to out-of-town games, to assist in the purchase of cheerleaders' uniforms, to sponsor a "Name the March" contest, and to donate jackets to deserving Seniors.

All these activities have been accomplished under the capable supervision of Mr. Koskella. The club looks forward always to a bigger and better all-inclusive athletic program in the future.

MUSIC GROUPS

This year the music groups, under the expert direction of Mrs. Edwards and Mr. Hoffmann, have presented music at our chapel exercises, thus inaugurating a new feature in our school life. Both our Thanksgiving and Christmas assembly programs were enhanced by appropriate selections performed by the combined vocal and instrumental groups.

On April 8-10, several students represented Sharon High School at the All-State Music Festival in Worcester. Those attending were Russell Wallace, Ruth Kersch, Patricia Carney, and William Lynch from the vocal groups; Joseph Klein and Paul Kreitzberg, from the instrumental groups.

Organized last year, the Sports Band has shown great improvement, and now has the unanimous support of the student body.

With sincere wishes for their future success, we thank all the music groups for making our four years in Sharon High more pleasant.

Trailing by fourteen points at half-time, an inspired Sharon High School basketball team came from behind to record a resounding 62-56 victory over a highly tooted Wareham quintet, thus enabling the Maroon and Gold to enter the finals in Division I of the South Shore Tournament. The local five posted a season's record of thirteen wins and eight losses, finishing in a third-place tie in the Hockomock League.

The Ladder of Life

Like climbing a ladder, progress in your lifetime depends on how you climb the rungs of your ladder of life. As each rung of a real ladder is a point over which one must climb, so, too, is each rung on the Ladder of Life a point or phase in your life over which you must pass to reach your goal . . . . High school is such a rung, and you should be very proud that the good work you have done in school graduates you to the next rung of your ladder.

Bird and Son, Inc., started climbing its ladder in 1795 . . . . . This climbing has never stopped. Through its manufacture and distribution of quality roofing materials, flooring, boxes, and allied products, Bird has done a consistently fine job for its customers for over 150 years.
